

## Photo Directions To The Otay SENTRI From The Tijuana Airport

1. Start at the Tijuana airport in Otay Mesa and head east toward the border line.

2. Take note of the Interstate 5/San Diego signs and continue for a few minutes. The road will start to curve to the right.

3. Next, look for the ADUANA FRONTERIZA/EXPORTACION signs.

4. Follow the ADUANA FRONTERIZA/EXPORTACION signs and take a left on Bellas Artes at the stop light.

5. Stay in the left hand lane, go thru one stop light and watch for the LINEA SENTRI sign on the overpass.

6. After going under the overpass, get in the left hand turn lane. The SENTRI lane entrance is to your left.

7. Take a left at the light (it is more than a left, but not quite a u-turn) and enter the SENTRI lane.

8. Hopefully you enjoy a fast crossing! If you have any passengers without SENTRI cards, the line to walk across is to the right of the SENTRI lanes, under the awnings..
